AviAir® Single Use Bougies

AviAir® is a range of single use bougies used to help secure airways in an anaesthesia and operating room setting.

AviAir® bougies have been developed to mimic the feel of traditional gum elastic bougies and designed with clear graduated markings and a luminescent coudé tip to assist with placement and visualisation during clinical use.

| Key Features

- Single use
- Luminescent coudé tip
- Clear graduated markings on left hand side
- Superior memory
- Good flexibility
